

Module 14 – Weekly Check-In

Purpose

To establish a structured weekly review process where Resource Owners evaluate the operational performance of their direct resources using objective evidence from OneView, provide coaching observations, and capture improvement actions, thereby creating a continuous performance history for future analytics and performance intelligence.

Business Objective

The organization should be able to:

- Conduct structured weekly reviews for every direct resource.
- Encourage continuous coaching instead of periodic appraisal.
- Capture evidence-based managerial observations.
- Track weekly operational performance history.
- Identify resources requiring intervention.
- Build historical data for future Performance Intelligence Engine (PIE).

Dependencies

- Employee Management
- Department Master
- Resource Owner Hierarchy
- Resource Planning
- Resource Utilization
- Work Confirmation
- Project Portfolio
- Activity Master

Functional Requirements

A. Weekly Check-In Configuration

Sr	FR ID	Sub Module	Feature	Functional Requirement	Priority	Remarks
WCI-001	WCI-001	Configuration	Department Competencies	System shall allow Super Administrator to configure department-specific competencies.	Must	Core
WCI-002	WCI-002	Configuration	Technical Competencies	Each department may define up to five Technical Competencies.	Must	
WCI-003	WCI-003	Configuration	Behavioural Competencies	Each department may define up to five	Must	

				Behavioural Competencies.		
WCI-004	WCI-004	Configuration	Competency Sequence	Administrator may define display sequence of competencies.	Should	
WCI-005	WCI-005	Configuration	Template Reuse	Administrator may copy competency templates from one department to another.	Could	

B. Ranking Master

Sr	FR ID	Sub Module	Feature	Functional Requirement	Priority	Remarks
WCI-006	WCI-006	Ranking	Ranking Master	Administrator shall maintain competency ranking definitions.	Must	
WCI-007	WCI-007	Ranking	Ranking Levels	System shall support five ranking levels.	Must	
WCI-008	WCI-008	Ranking	Ranking Title	Administrator may modify ranking titles.	Must	
WCI-009	WCI-009	Ranking	Ranking Sequence	Ranking values shall remain ordered from highest to lowest.	Must	
WCI-010	WCI-010	Ranking	Future Compatibility	Ranking values shall be reusable by future Performance Intelligence modules.	Should	

C. Weekly Review Queue

Sr	FR ID	Sub Module	Feature	Functional Requirement	Priority	Remarks
WCI-011	WCI-011	Review Queue	Review Week Selection	Resource Owner shall select the review week.	Must	
WCI-012	WCI-012	Review Queue	Direct Resources	System shall display only direct resources assigned to the logged-in Resource Owner.	Must	

WCI-013	WCI-013	Review Queue	Completion Status	System shall display Completed and Pending review status for each resource.	Must	
WCI-014	WCI-014	Review Queue	Pending Count	Display total pending reviews for the selected week.	Should	
WCI-015	WCI-015	Review Queue	Open Review	Selecting a resource shall open the Weekly Check-In workspace.	Must	

D. Evidence Panel

Sr	FR ID	Sub Module	Feature	Functional Requirement	Priority	Remarks
WCI-016	WCI-016	Evidence	Planning Accuracy	Display Planning Accuracy along with deviation summary.	Must	
WCI-017	WCI-017	Evidence	Confirmation Discipline	Display Confirmation Discipline along with delay summary.	Must	
WCI-018	WCI-018	Evidence	Utilization	Display total utilization for the selected week.	Must	
WCI-019	WCI-019	Evidence	Current Projects	Display projects worked on during the selected week.	Must	
WCI-020	WCI-020	Evidence	Billability Split	Display Billable and Non-Billable effort split.	Must	
WCI-021	WCI-021	Evidence	Previous Week Review	Display previous week's Status, RO Remarks, Confidence and Action Notes.	Must	

E. Competency Assessment

Sr	FR ID	Sub Module	Feature	Functional Requirement	Priority	Remarks
WCI-022	WCI-022	Assessment	Technical Assessment	Resource Owner shall evaluate configured Technical Competencies.	Must	

WCI-023	WCI-023	Assessment	Behavioural Assessment	Resource Owner shall evaluate configured Behavioural Competencies.	Must	
WCI-024	WCI-024	Assessment	Ranking Selection	Each competency shall be evaluated using the configured ranking master.	Must	
WCI-025	WCI-025	Assessment	Optional Competencies	Departments may configure fewer than five competencies in each category.	Must	

F. Weekly Check-In Submission

Sr	FR ID	Sub Module	Feature	Functional Requirement	Priority	Remarks
WCI-026	WCI-026	Submission	Weekly Status	Resource Owner shall select Weekly Status: On Track, Watch or Intervention Required.	Must	
WCI-027	WCI-027	Submission	RO Remarks	Resource Owner shall enter review remarks (minimum 100 characters).	Must	
WCI-028	WCI-028	Submission	Weekly Confidence	Resource Owner shall select Confidence: High, Medium or Low.	Must	
WCI-029	WCI-029	Submission	Action Type	Resource Owner shall select Action Type from the configured list.	Must	
WCI-030	WCI-030	Submission	Action Notes	Action Notes shall be mandatory when Action Type is other than "None" (minimum 100 characters).	Must	
WCI-031	WCI-031	Submission	Previous Week Action Status	Resource Owner shall update the previous week's	Must	

				action status as Completed or Still Pending.		
WCI-032	WCI-032	Submission	Submit Review	System shall save the completed Weekly Check-In for the selected resource and week.	Must	

G. Weekly History

Sr	FR ID	Sub Module	Feature	Functional Requirement	Priority	Remarks
WCI-033	WCI-033	History	Weekly History	System shall maintain historical Weekly Check-In records.	Must	
WCI-034	WCI-034	History	Evidence Snapshot	Weekly evidence displayed during review shall be preserved as a historical snapshot.	Must	
WCI-035	WCI-035	History	Competency History	Historical competency ratings shall remain available for future analysis.	Must	
WCI-036	WCI-036	History	Manager History	System shall maintain complete Resource Owner review history.	Must	

Business Rules

BR ID	Business Rule
WCI-BR-001	Each department may define a maximum of five Technical Competencies and five Behavioural Competencies.
WCI-BR-002	A Resource Owner may review only employees directly reporting to them.
WCI-BR-003	Each employee shall have only one Weekly Check-In per review week by the assigned Resource Owner.
WCI-BR-004	Weekly evidence shall be displayed automatically from OneView and shall not be editable during review.
WCI-BR-005	RO Remarks shall contain a minimum of 100 characters.
WCI-BR-006	Action Notes shall be mandatory when Action Type is not "None" and shall contain a minimum of 100 characters.
WCI-BR-007	Competency ratings shall use the configured Ranking Master values.

WCI-BR-008	Weekly Status, Confidence, Competency Ratings and Remarks shall remain immutable after submission unless edited by an authorized administrator.
WCI-BR-009	Previous Week Action Status shall update only the immediately preceding week's action item and shall not modify the current week's review.
WCI-BR-010	Historical Weekly Check-In records shall remain available for future Performance Intelligence analysis.

Exception Handling

Scenario	Expected System Behaviour
No competency template exists for the employee's department	Prevent review submission and notify the administrator to configure department competencies.
Resource has no operational data for the selected week	Allow the review while displaying "No operational data available for this period" in the evidence panel.
Action Type is "None"	Action Notes field shall remain disabled and optional.
Previous week's review does not exist	Previous Week section shall display "No previous review available".
Resource Owner changes during the review week	The assigned Resource Owner at the time of review submission shall own that week's review; future weeks follow the updated hierarchy.
Review already submitted for the selected week	Prevent duplicate submissions and allow view-only access unless the user has edit privileges.

Product Owner Recommendation

Add a final field at the bottom of every Weekly Check-In:

Recognition

Options:

- None
- Appreciate
- Appreciate Publicly

This is **not** a reward or incentive. It is simply a way for Resource Owners to recognize exceptional work in the moment.
